

## **EFT Group Supervision/Consultation**

**Spring Session with Lorrie Brubacher**

**Coordinated by Wesley Little**  
**February 20 to June 19, 2019**

Looking to enhance your work with couples?

Longing to stay on track with following the EFT map?

Might you appreciate support from like-minded colleagues who are also feeling stuck with difficult couples or getting *sucked down content tubes*?

Here is your opportunity to co-create a safe community of colleagues in EFT Group Supervision/Consultation. Join a group of people meeting on an ongoing basis. Count on your colleagues to be there for you.

Take initiative in the context of a safe group to set your personal goals for enhancing your EFT practice. For example, tracking the cycle, focusing in on attachment-related experience, deepening emotion, shaping effective enactments, staying with the process, etc.

Pre-requisite: Completed the 4-day EFT Externship

**Wednesdays, Noon to 2:00 p.m. ET**

**February 20, March 20, April 17, May 22, and June 19, 2019**

We meet on Zoom's secure web conference platform. You will be sent a link each month.

Pre-registration required for all five sessions (for group cohesion).

**\$500.00 for 5 sessions (10 hours)**

**US residents pay US\$; Canadians and others pay CAD\$**

**Methods of payment: PayPal or check / cheque. Registration details are on following page.**

**Please reply to Wesley Little ([wesleyannelittle@gmail.com](mailto:wesleyannelittle@gmail.com)) with questions and with registration information.**

NOTE: We adhere to the definition of supervision used by The International Centre for Excellence in Emotionally Focused Therapy which reads: The words "supervisor" and "supervision" are used expressly for the purpose of training in the EFT model, and do not imply/constitute any ethical/legal responsibility for cases discussed. For all intents and purposes, a Certified EFT Supervisor is an EFT consultant. All therapists receiving such supervision/consultation are wholly responsible for the therapy they provide and they are also responsible for receiving appropriate supervision, as required, by their respective governing and/or licensing authorities.
